Business Services

# Key messages for young people

Careers at sea and on shore, a growing sector with a thriving future, choose to **BE PART OF IT**

A well-paid career – average maritime pay is £38,000, compared to the national average of £29,000.

A variety of entry points – there is no one way to enter the maritime sector and once in, there are tremendous opportunities to move to different parts.

Careers at sea and on shore, a **growing sector** with a **thriving future**, choose to

**BE PART OF IT**

# Key messages for young people

It's not just history, it can be **YOUR FUTURE**

A **green revolution** – the industry is going through a period of massive change, and has committed to tackling climate change by decarbonising by 2050. We need to people to help us get there.

A **\$3trn industry** – the industry is set to double in size by 2030, meaning thousands of new jobs are needed. In the UK maritime is bigger than rail and aviation combined.

It's not just history, it can be  
**YOUR FUTURE**

# Key messages for young people

Ditch the dull 9-5, 1000's of job titles, 1000's of satisfying careers, **WHAT WILL YOURS BE?**

**A funded career** – there are numerous entry points to the sector offering fully and part-funded training.

**A role for everyone** – maritime offers careers at sea and ashore, with the chance to see the world. With wide varying career pathways and entry routes.

Ditch the dull 9-5, 1000's of job titles, 1000's of satisfying careers,

**WHAT WILL YOURS BE**
